Subject: Issuance of the Chester Class II Landfill Closure Permit

Dear Chairman Bjerregaard and Mr. Hansen:

The 30-day public comment period for the Chester Class II draft closure permit and permit application ended August 5, 2005. The announcement of the public comment period appeared in the, *Salt Lake Tribune*, *Deseret Morning News*, and the *Sanpete Messenger*. One comment letter was received which did not result in any changes to the draft permit. The Division's response to that comment letter is enclosed.

Also, enclosed is Permit # 0305C, which expires on August 10, 2015. A public notice of the permit issuance will appear on Wednesday, August 24, 2005 in the *Sanpete Messenger*.

Personnel from the Division of Solid and Hazardous Waste and the Central Utah Public Health Department will conduct periodic inspections of the landfill. The landfill inspections are to assess compliance with the conditions of the Permit and the *Solid Waste Permitting and Management Rules*.
